Discussions & Updates	<p>SWAT update: The LPHS club has been established. Jill Scott is the new advisor. Recruitment activities on May 19th will begin the first activity. There are 5 students that have signed up already.</p> <p>The SHS SWAT club is seeking a new advisor. Amanda has the LPHS advisor on the lookout, and will speak with Dr. Lindsey, SHS Principle, to see if she knows of anyone interested or can make a recommendation. There was a recent recruitment activity at SHS, where 16 people signed the recruitment sheet. The SWAT club at SHS really needs more participation and the club is looking forward to new students. The middle school clubs are all doing very well and will be wrapped up for the school year this week. Str8UP SWAT has been challenging due to several members being involved in sports making it harder on them to participate.</p> <p>Partnership members gave an update on the status of the Tobacco Free School Policy. The TFP has gained 11 of the 12 components of the comprehensive policy and has been working with Barbara Moore, head of school nurses on getting the last component added to the policy. Also discussed was including e-cigarettes to their tobacco policy and Patrice said that Rodney Hollinger has already included this in the policy. Amanda will check to see if it was added and if not will follow up with Rodney Hollinger to verify.</p> <p>Partnership members were updated on the status of the SFMUH goal and that Fair Havens Village is working with the TFP and is now a 100% Smoke Free Grounds as of Q4! Members were encouraged to begin approaching other properties that they know are not currently smoke/tobacco free.</p>
